MAPLE

**CRIMSON KING**

Unquestionably, the most beautiful of all Maple Shade Trees, CRIMSON KING is the only variety in existence that retains its rich, dark, crimson color throughout the entire growing season.

CRIMSON KING MAPLE will again be nationally advertised in popular horticulture magazines. Beautiful four-colored folders are available to use as stuffers in your correspondence by mail or to hand out to your trade. Mats are also available for printing advertisements. If any of these are desired, place your order direct to us. A nominal charge will be made. See price schedules on page 7.

## TO THE TRADE ONLY

ORDERS are booked subject to crop growing conditions and with the understanding that same shall be void should injury befall the stock from Drought, Flood, Fire, Frost, Hail, errors in count, or other causes beyond our control.

**SHIPPING.** We have access to the Union Pacific and Northern Pacific Railroads for making Eastern shipments throughout the season. We use combination or pool cars with stop-over for distribution at points in the East and Mid-West at car-lot rates. Refrigeration cars are always used and with Carrier's Protection Service in extreme cold weather.

We also have available excellent and dependable trans-continental motor freight service when more convenient for and requested by the customer.

**PRICES** herein are for the Trade only and cancel all previous prices offered by us. They are based on present conditions and subject to change without notice.

**TERMS:** 2% discount 10 days from date of invoice. Net and Due first of the second month following the date of invoice. Interest at 6% per annum will be charged on overdue accounts.

**PACKING CHARGES** for boxes or bales, in addition to prices quoted, will be invoiced at cost, except packed in bulk in car-lots without charge.

**CLAIMS** must be made promptly on receipt of shipment and all unsatisfactory or rejected goods held for our advice or disposition. We will gladly entertain such reports and make satisfactory adjustments when claims are definitely established.

**GUARANTEE.** We give no warranty, expressed or implied, as to life, description, quality, productiveness, or any other matter of any nursery stock, seeds or plants that we sell. It is mutually agreed that our total liability for any error, should stock prove untrue to name as labeled, shall be limited upon satisfactory proof, to our replacing free or refunding the purchase price thereof.

## MORAINE LOCUST

(*Honeylocust*)

(Plant Patent No. 836)

The "Moraine" Locust is an Improved Honeylocust with a round head when young but tall and vase-shaped when older, attaining a height of 60 to 75 feet.

### Graceful and Attractive Foliage

This stately new shade and ornamental tree has finely divided foliage and bears only sterile flowers, hence can never produce unsightly seed pods.
